Any person being the grantee of a patent in the United Kingdom or any person deriving his right from such grantee by assignment, transmission or other operation of law may apply within three years from the date of issue of the patent to have such patent registered in St. Helena. Where any partial assignment or transmission has been made, all proper parties shall be joined in the application for registration.

Specifications and certificate of Comptroller General to be filed

3. Every application under this Ordinance shall be accompanied by two certified copies of the specification or specifications (including drawings, if any) of the United Kingdom

patent and a certificate of the Comptroller-General of the United Kingdom Patent Office giving full particulars of the issue of the patent on such specification or specifications.

Registrar to issue certificate

4.² Upon such application being received, together with the documents mentioned in section 3 of this Ordinance and upon payment of such fees as may be prescribed from time to time by regulations made by the Governor in Council, the Registrar of Patents shall issue a certificate of registration.

Effect of certificate of registration

5. Such certificate of registration shall confer on the applicant privileges and rights subject to all conditions established by the law of St. Helena as though the patent had been issued in the United Kingdom with an extension to St. Helena.

Registration effective during whole period patent is in force

6. Privileges and rights so granted shall date from the date of the patent in the United Kingdom and shall continue in force only so long as the patent remains in force in the United Kingdom:

Provided that no action for infringement shall be entertained in respect of any manufacture, use or sale of the invention prior to the date of issue of the certificate of registration in St. Helena.

Powers of Court

7.³ (1) The Supreme Court shall have power upon the application of any person who alleges that his interests have been prejudicially affected by the issue of a certificate of registration, to declare that the exclusive privileges and rights conferred by such certificate of registration have not been acquired on any of the grounds upon which the United Kingdom patent might be revoked under the law for the time being in force in the United Kingdom.

(2) Such grounds shall be deemed to include the manufacture, use or sale of the invention in St. Helena before the priority date applicable to the patent in the United Kingdom, but not to include the manufacture, use or sale of the invention in St. Helena by some person or persons after the priority date applicable to the patent in the United Kingdom and before the date of the issue of the certificate of registration under section 4 of this Ordinance.

For the purposes of this subsection the expression “**priority date**” in its application to a patent in the United Kingdom has the meaning assigned to it in section 5 of the Patents Act, 1949.

Amendment of drawings and specifications

8. Whenever the specification or drawings of a United Kingdom patent registered in St. Helena have been amended by way of disclaimer, correction or explanation, according to the law of the United Kingdom, a request, accompanied by a copy of the specification and drawings (if any) as amended, duly certified by the Comptroller-General of the United
