Application of Chapter

29. (1) This Chapter does not apply to—

- (a) any dwelling which is owned by an individual (or by two individuals who are spouses or life partners) to the extent it is regarded by the owner or owners as his or their principal place of residence in St. Helena:

Provided that—

- (i) a person may not claim more than one such property at any one time; and
 - (ii) for the avoidance of doubt, the exemption may be claimed notwithstanding that the property is or has been physically occupied by someone other than the owner during periods when the owner (while still bona fide regarding the property as his principal place of residence in St. Helena) was temporarily absent therefrom (whether or not still in St. Helena);
 - (b) the disposal by the Executor or Administrator of the estate of a deceased person in any case where such disposal would not have been subject to the application of this Chapter had it been made by the deceased taxpayer immediately prior to his death;
 - (c) gains or profits that are included as taxable income under Chapter III or IV.
- (2)** Regulations made under section 81 may prescribe—
- (a) types of transactions or events which are not to be regarded as acquisitions or disposals for the purposes of this Chapter (and may make provision for ascertaining liability for tax on the happening of the next event, after such a transaction or event, which constitutes a disposal or an acquisition);
 - (b) circumstances in which a dwelling may or may not be regarded as a principal place of residence for the purposes of subsection (1)(a).

Taxable income from gains

30. (1) Subject to subsection (2), the taxable income under this Chapter comprises a person's gains arising from the disposal of any asset.

(2) In the case of an individual, an amount of £2,000 (or such other amount as may be approved from time to time by resolution of Legislative Council) of any gains derived during a tax year shall be exempt and not be included as taxable income under section 8(d) for such year:

Provided that any amount approved by Legislative Council shall be incorporated in this section as soon as possible after such resolution is made.

Calculation of gain or loss

31. (1) Subject to subsection (2), where a person disposes of an asset to which this Chapter applies—

- (a) a gain shall arise if the disposal price exceeds the acquisition value or the adjusted acquisition value (as the case may be) at the date of disposal;
- (b) a loss shall arise if the acquisition value or the adjusted acquisition value (as the case may be) at the date of disposition exceeds the disposal price;
- (c) a loss shall be deducted from a capital gain that arises in the same tax year;
- (d) where the loss cannot be fully deducted from a gain that arises in the same tax year, so much of the loss as was not so deducted shall be carried forward to the following year and be deemed to be a capital loss that was incurred in such following year; and
- (e) a loss calculated in accordance with this Chapter shall not be deducted from any other taxable income to which Chapter III or IV applies.

(2) For the purposes of calculating any gain or loss in accordance with subsection (1)(a) or (b) in respect of an asset acquired before 1 April 2010—

- (a) the acquisition value of the asset shall be an amount that, in the opinion of the Commissioner, represents a fair market value of the asset at 1 April 2010; or
- (b) where the original acquisition value is known and the gain or loss can be calculated based on such original acquisition value, the person who disposed of the asset may, elect that such gain or loss shall be adjusted by a factor calculated in accordance with the formula:

$$\frac{A}{B}$$

where:

A is the period of ownership in months after 1 April 2010; and

B is the total period of ownership in months.

(3) Where an asset to which this section applies at any time during the period of ownership of the seller constituted a dwelling as referred to in section 29(1)(a), the gain or loss calculated under subsection (1)(a) or (b) (and adjusted under subsection (2) if applicable) shall be adjusted further by a factor calculated in accordance with the formula:

$$\frac{C}{D}$$

where:

C is the period of ownership in months that such dwelling was owned by the seller after 1 April 2010 otherwise than as his primary residence; and

D is the total period of ownership in months after 1 April 2010.

Disposal price and acquisition value

32. (1) Where a person disposes of any asset, the consideration received or receivable (including any insurance recovery for loss or destruction) shall be—

- (a) the disposal price for the person from whom ownership or the asset passes; and
- (b) the acquisition value for the person acquiring the asset.

(2) Other than when the disposal arises through the loss or destruction of an asset, if there is no consideration received or receivable, or the Commissioner is of the opinion that the consideration does not reflect a fair market value between persons dealing with each other at arm's length, the disposal and acquisition price for the purpose of this paragraph shall be determined by the Commissioner.

(3) Where ownership of an asset arises otherwise than by the disposal by another person, or where the provisions of section 35 apply, the acquisition value shall be the net cost and expense incurred by that person (including the cost of labour and materials) in bringing the asset into existence.

(4) Where the acquisition value of an asset is denominated in one currency (whether legal currency of St Helena or any foreign currency) and the disposal price of such asset is denominated in a different currency, the amount of such acquisition value or disposal price, whichever is denominated in any foreign currency, shall be translated to the legal currency of St Helena at the exchange rate applicable at the time that such asset was so acquired or disposed of in foreign currency, as the case may be.

(5) For purposes of subsection (4), the exchange rate shall be determined with reference to such source as determined by the Commissioner.

Calculation of adjusted acquisition value

33. The adjusted acquisition value shall be determined on the date of disposal of an asset by—

- (a) adding the inputs incurred from the date of acquisition to the date of disposal to the acquisition value; and
- (b) deducting all the outtakes from the date of acquisition to the date of disposal.

Bankruptcy

34. (1) Where an asset owned by any person is vested in—

- (a) the official receiver in bankruptcy or in the holder of a similar office in a foreign country as a result of the bankruptcy of that person;
- (b) a trustee for the benefit of creditors of that person pursuant to any deed of settlement; or
- (c) a liquidator of a person being a corporation,

this Chapter shall apply as if the asset continued to be owned by the person and any act done in relation to the asset by the person in whom it is vested were the act of the owner before vesting.

(2) Any tax payable by virtue of this Chapter upon the disposal of the asset by the person in whom it became vested shall be a debt provable in the bankruptcy or liquidation of that first-mentioned person and if the Commissioner is a party to any deed of settlement for the benefit of the creditors, shall be a debt provable under that deed, unless such deed otherwise provides.

Roll over relief

35. (1) Where an asset owned by any person is—

- (a) vested in a beneficiary of a deceased estate because of the death of that person; or

(b) transferred to a spouse or life partner,
for the purpose of calculating liability to tax and the amount of a capital gain or loss of any person referred to in paragraph (a) and (b), this Chapter shall apply as if the asset continued to be owned by the person who owned the asset immediately before the vesting or transfer and any act done in relation to the asset by the beneficiary, spouse or life partner were the act of the owner before vesting.

(2) Where a person disposes of an asset during any tax year and such person reinvests the proceeds from such disposal in a similar asset or assets within a period of two years after such disposal—

- (a) no gain or loss shall be determined during such year with respect to such disposal for purposes of section 31(1)(a) or (b); and
- (b) the new asset or assets so acquired shall be deemed to have been acquired—
 - (i) for a cost equal to the acquisition value or the adjusted acquisition value as at the date of disposal (as the case may be) of such original asset; and
 - (ii) on the same date that such original asset was acquired.

Provided that no further roll over relief shall be provided under this subsection where such similar asset or assets are disposed of for purposes of reinvestment in another similar asset.

(2) A person who fails to register as required by this section shall be guilty of an offence and in addition to any fine that a Court may impose on summary conviction, shall be liable to pay, by way of administrative penalty, an amount of £100, together with a further amount of £10 for each month or part thereof during which the person fails to register.

(3) Any person who is about to leave St Helena—

- (a) permanently; or
- (b) who will not be returning before the due date for filing of the annual income tax return and the Commissioner is not satisfied that arrangements have been made for filing the return by the due date,

shall furnish an annual income tax return in accordance with subsection (1) for any tax year or part of a tax year within 14 days before departure.

(4) A person who fails to furnish an annual income tax return as required by this section and within the time allowed in subsection (3) or section 39 shall be guilty of an offence.

(5) The Commissioner may approve arrangements for the filing of returns by electronic means, including (without prejudice to the generality) fax, email, or via the internet.

Annual income tax returns not required

38. A person shall not be required to furnish an annual income tax return in accordance with section 37 if the only taxable income derived by that person is income from employment and the tax deducted in accordance with section 15 has been correctly deducted and paid to the Commissioner.

Date for furnishing an annual income tax return

39. (1) The annual income tax return required under section 37 shall be furnished—

- (a) within three calendar months of receipt of the certificate issued in accordance with section 15(2), where an annual income tax return is filed by a person solely because the tax deducted in accordance with section 15 is greater than the tax that should have been deducted; or
- (b) within three calendar months of the end of the tax year or the substituted accounting period in respect of any other person; or
- (c) within the time specified in a notice issued in accordance with section 37(3).

(2) Any person who does not furnish an annual income tax return by the date required in subsection (1)(a) shall have no further right to file a return and the tax deducted from income from employment shall be deemed to be the correct amount of income tax deduction.

(3) Any person who is unable to furnish an annual income tax return by the date required in subsection (1)(b), may, before the due date for filing such return, submit a request to the Commissioner in writing for an extension of the period to furnish the return, setting forth a full statement of reasons for the failure to furnish by the required date and the Commissioner may extend the time where it is reasonable.

Returns deemed to be furnished by due authority

40. A return, statement or form purporting to be furnished under this Ordinance by or on behalf of any person shall for all purposes be deemed to have been furnished by that person or by his authority, as the case may be, unless the contrary is proved, and any person signing any such return, statement or form shall be deemed to be aware of all matters therein.

Self assessment and assessments

41. (1) Where a person furnishes an annual income tax return under section 37 for a tax year or a substituted accounting period, that person shall be regarded as having made a self-assessment of the chargeable income and income tax payable thereon or the business loss.

(2) An annual income tax return furnished under section 37 shall be treated as a notice of the assessment served on the person by the Commissioner on the day the return was lodged by the taxpayer.

(3) If a person—

(a) fails to lodge an annual income tax return under section 37; or

(b) fails to deduct the correct amount of withholding tax in accordance with section 26, the Commissioner may, based on any available information and the best of his judgment, make an assessment of the person's chargeable income and income tax payable thereon, or business loss.

(4) As soon as possible after making an assessment under subsection (3), the Commissioner shall serve the person with a notice of the assessment stating—

(a) the amount of chargeable income or business loss of the person;

(b) the amount of any income tax, if any, due;

(c) the amount of tax paid, if any;

(d) the amount of any penalty payable in respect of the tax due;

(e) the rights under section 63 to object against the assessment; and

(f) the due date for payment.

Amendment of assessments

42. (1) Where it appears to the Commissioner that a person's assessment made under section 41 is for an amount that is more or less than that which it should have been, the Commissioner may amend the assessment by making such alterations or additions to the assessment that are considered necessary to ensure that the person is liable for the correct amount of income tax for the tax year to which the assessment relates.

(2) Where an assessment has been made for an amount that is more than the amount that should have been paid, an amendment under subsection (1) to reduce the tax payable shall be made within a period of two years after the expiration of the end of the tax year, except

where the amendment is necessary to give effect to a decision made in accordance with subsection 65(5).

(3) Where an assessment has been made for an amount that is less than the amount that should have been paid, an amendment under subsection (1) to increase the tax payable shall be made within a period of six years after the expiration of the end of the tax year.

Due date for payment of income tax

43. (1) Subject to section 45, section 15 and section 26, income tax for any tax year or substituted accounting period, shall be due and payable three months after the date on which the annual return for that tax year or substituted accounting period is required under section 39(1).

(2) Where the Commissioner has extended the date for furnishing an annual income tax return in accordance with section 39(3), nothing in that subsection shall affect the due date for payment of income tax and the income tax shall be due and payable three months after the date the return was originally required, before the application of section 39(3).

Credits for tax deductions

44. Where any tax has been—

- (a) paid by way of instalments deducted in the tax year in accordance with section 45; or
- (b) deducted in accordance with section 15 and section 16(1) does not apply; or
- (c) calculated in accordance with section 50;

the amount of income tax so paid, deducted or calculated shall be credited against the person's income tax liability on chargeable income derived during that same tax year and where the amount credited is in excess of the income tax liability, the excess shall be dealt with in accordance with section 51.

Instalments of income tax

45. (1) Subject to subsection (2), every person deriving taxable income from self-employment, trade or business or income from property (other than interest) shall make pre-payments of that income tax during the tax year in which the taxable income is so derived by way of instalments in such manner and within such periods as prescribed by Regulation.

(2) This section does not apply to a person whose total taxable income from sources described in subsection (1) was, in the previous tax year, less than £50,000.

Arrangement to pay income tax

46. (1) If any person is unable to make payment of income tax or an instalment of income tax by any of the due dates specified under section 43 or 45, the Commissioner may enter into an arrangement with the person to make payment of the tax unpaid, subject to any conditions that the Commissioner considers are reasonable.

(2) Any arrangement for payment entered into under subsection (1) does not affect the due date for payment for the purpose of calculation any additional tax under section 67.

Collection deferred by an objection or appeal

47. (1) Where notice of objection or appeal given in accordance with section 63 or section 65 has not been determined by the Commissioner or the Court, as the case may be, payment of that portion of the income tax for the tax year that relates to the matter under dispute shall remain in abeyance until such objection or appeal has been determined.

(2) The Commissioner may enforce payment of that portion of the income tax for the tax year that is not subject to dispute.

Enforcement of payment

48. The provisions as prescribed in Regulations shall apply to the enforcement of payment of income tax.

Tax to be payable notwithstanding proceedings

49. The institution of proceedings for an offence against this Ordinance, or the imposition of a penalty, fine or term of imprisonment relating to that offence shall not relieve any person from a liability to pay any income tax charged under the Ordinance.

Foreign tax credits

50. (1) Subject to subsection (4), where any resident is liable to income tax on taxable income derived from a source outside St Helena and has paid income tax on that income in the country in which it was derived (hereinafter referred to as “foreign tax”), a credit shall be allowed for that amount of tax, against the income tax payable in St Helena in accordance with the provisions as prescribed by Regulation.

(2) No credit for foreign tax shall be allowed unless, within four years after the end of the tax year in which the taxpayer derived the income in respect of which the credit is claimed, or within such further period, not exceeding two years, as the Commissioner may allow, the taxpayer claiming the credit—

- (a)** makes a written application to the Commissioner; and
- (b)** furnishes to the Commissioner all information, including information in relation to any amount to which the taxpayer is entitled in respect of any relief or repayment of the foreign tax, necessary for determining the amount of the credit.

(3) Where a credit for foreign tax is allowable in respect of any income, the amount of the credit shall not exceed the amount of income tax otherwise payable in St. Helena in respect of that income.

(4) Where—

- (a) a credit for foreign tax has been allowed against income tax payable by the taxpayer in respect of the same income;
- (b) the credit has not taken into account any refund or repayment of the foreign tax received by the taxpayer, whether before or after the credit was allowed; and
- (c) the amount of the credit was in excess of the amount that would have been allowed if the amount of the foreign tax refunded or repaid to the taxpayer had been taken into account in calculating the credit,

the amount of that excess shall be deemed to be income tax due and payable to the Commissioner on the 30th day after the date of the notice of determination of the credit or the date of the receipt by the taxpayer of that refund or repayment, whichever is later.

Repayment of tax

51. Where the Commissioner is satisfied that any person has paid income tax by deduction or otherwise for a tax year that is in excess of the amount of income tax correctly chargeable in accordance with this Ordinance, that excess tax shall be refunded or may be set off against other amounts that are due for payment under this Ordinance.

52. (1) Subject to subsection (2) every person required to furnish an annual income tax return in accordance with this Ordinance shall keep books or accounts which may be prescribed by Regulation, or in the opinion of the Commissioner, are adequate for the purposes of enabling that person's taxable income, exempt income, and allowable deductions to be readily ascertained.

(2) Every person required to be registered in accordance with section 36 who acquires goods or services for the purpose of deriving income from self-employment, trade or business, shall obtain a tax invoice containing the particulars specified in subsection (3) from every supplier of those goods and services who is a resident or a permanent establishment of a non-resident.

- (a) any one or more of the particulars specified in subsection (3) of this section shall not be contained on a tax invoice; or
- (b) a tax invoice is not required to be issued.

(5) Books or accounts required in accordance with subsections (1) and (2) shall be retained for a period of seven years after the end of the tax year in which the transactions, acts, or

operations to which they relate were completed or where there is an undetermined appeal in relation to those transactions, until determination of that appeal, whichever is the longer.

(6) Upon the dissolution, winding up, de-registration, or other termination of the existence of a body of persons, the receiver, liquidator, or other person or persons responsible for administering the termination shall (subject to subsection (7)) cause the records which the body of persons would otherwise be required to preserve under subsection (5) to be preserved for the period required by that subsection.

(7) Subsections (5) and (6) shall not apply to the retention of any records in respect of which the Commissioner has issued written notice that their retention is no longer required.

(8) Any person who fails to comply with the requirements of this section commits an offence and shall be liable on summary conviction—

53. (1) Any person required to keep books or accounts in accordance with section 52 and who prepares annual accounts for an accounting period of twelve months ending on some day other than 31st March, may apply to the Commissioner for approval to file an annual income tax return for a year ending with the annual balance sheet date of the accounts.

(2) The Commissioner may approve the application subject to such adjustments and conditions as are appropriate and in such cases, the income derived during that year shall, for the purposes of this Ordinance, be deemed to have been derived during the tax year ending with the 31st day of March nearest to that balance sheet date.

(3) For the purposes of this Ordinance, the 30th day of September in any year shall be deemed to be nearer to the last preceding 31st day of March than to the next succeeding 31st day of March.

Information to be furnished to Commissioner

54. (1) Every person shall, when required by notice in writing by the Commissioner, within 28 days (or such longer period as the Commissioner may allow) and without fee or reward—

- (a) furnish in writing any information and produce any books and documents (including any in electronic format) that may be in the knowledge, possession or control of that person and that the Commissioner considers necessary or relevant for any purpose relating to the administration or enforcement of this Ordinance;
- (b) attend at such time and place as may be specified in such notice, for the purpose of being interviewed in respect of that person's income or the income of any other person or any transactions or matters that in the Commissioner's opinion appear to be relevant thereto.

(2) This section has effect notwithstanding any contractual duty of confidentiality.

(3) Any person who fails to comply with a notice issued under this section is guilty of an offence and liable on summary conviction to a fine not exceeding £500 or to imprisonment for a term not exceeding six months, or to both.

 - (d) may retain any books, accounts, documents or records seized under paragraph (c) for as long as they may be required for determining a person's liability, or for any proceeding, under this Ordinance;
 - (e) may, if a hard copy or copy on a data storage medium of information stored on a data storage device is not provided, seize and remove the device from the premises and retain the device for as long as is necessary to copy the information required; and
 - (f) may require a police officer to be present for the purposes of exercising any of the powers under this subsection.

(2) The Commissioner may authorise in writing any officer to exercise any of the powers in subsection (1) and the officer is not permitted to enter or remain on any premises or place if, upon request by the owner or lawful occupier, the officer is unable to produce the Commissioner's written authorisation.

(2) Where the Commissioner has made an assessment under section 41(3), any notice of objection against that assessment shall not be valid unless it is accompanied by an annual income tax return.

(3) Every notice of objection shall state precisely the grounds of the objections to the assessment or decision and shall be made within ninety days from the date of the service of the notice of assessment or written advice of the decision.

(4) If the Commissioner is satisfied that a person on whom an assessment has been made was prevented from giving the notice within the period provided for in subsection (3) because of absence from St. Helena, illness or other reasonable cause, the period may be extended by such additional time as the Commissioner may consider reasonable in the circumstances.

(5) The Commissioner shall consider the objection and make a determination to either allow it or disallow it wholly or in part.

(6) Following the determination of the objection, the Commissioner shall give written notice of the decision to the person and, where appropriate, amend the assessment to conform with the determination.

Errors in assessments and notices

64. (1) No objection shall be taken to any assessment, warrant or other proceeding made or purporting to be made in accordance with the provisions of this Ordinance for want of form or by reason of any mistake, defect or omission therein, if the same is in substance and effect in conformity with or according to the intent and meaning of this Ordinance, and if the

(5) If the Court is satisfied that the Commissioner's decision on the objection is in error, the Court shall order that the assessment or decision subject to objection be amended in such manner (either by way of reduction or increase) as may be necessary to bring the same into conformity with the provisions of this Ordinance.

(6) Notice of the amount of tax payable under the assessment as determined by the Court shall be served by the Commissioner upon the appellant.

- (a) an annual income tax return as required by section 37 and within the time allowed in section 39; or
- (b) any employer statements as required under a PAYE scheme as prescribed by Regulations under section 15,

shall be liable to pay a penalty of £100 plus £10 for each complete month that the return or statement remains outstanding.

Penalty for non-payment of tax

67. (1) If any amount of income tax payable under this Ordinance is not paid by the due dates prescribed under section 15(1), 26(2), 43 or 45, a penalty shall be added thereto calculated on the basis of—

- (a) 10 per cent of the amount of tax outstanding at the due date, and
- (b) 1 per cent per month of the amount of tax that remains outstanding after the expiration of one month from the due date.

(2) Penalties under subsection (1) are due and payable without formal assessment or demand:

Provided that no proceedings shall be commenced in any court in respect of the alleged failure to pay such a penalty unless the Commissioner has first made a written demand for payment and allowed a period of at least 21 days for the payment to be made.

(3) If a penalty remains unpaid after the time allowed for payment in a written demand issued under subsection (2), the provisions of section 48 apply to the recovery of the penalty as they apply to the recovery of the unpaid tax.

(4) The Commissioner may, if satisfied that failure to pay tax was due to a cause beyond the person's control or because it is considered reasonable to do so, remit part or all of the penalty imposed by this section.

Penalty for false or misleading statements

68. (1) This section applies where—

- (a) any person makes a statement to the Commissioner that is false or misleading in a material particular; or
- (b) any person omits from a statement made to the Commissioner any matter or thing without which the statement is false or misleading in a material particular; and

the tax liability of any person computed on the basis of the statement is less than it would have been if the statement had not been false or misleading (the difference being referred to as the "tax shortfall").

(2) Subject to subsections (3) and (4), a person to whom this section applies is liable—

- (a) if the statement or omission was made knowingly or recklessly, for a penalty equal to 75 per cent of the tax shortfall; or
- (b) in any other case, for a penalty equal to 20 per cent of the tax shortfall.

(3) The rate of penalty imposed under subsection (2)—

- (a) is increased by ten percentage points if this is the second or a subsequent application of this section to the taxpayer; and
- (b) is reduced by 20 percentage points if the taxpayer voluntarily disclosed the statement to which the section applies prior to the earlier of discovery by the Commissioner or the commencement of an audit of the taxpayer's tax affairs.

(4) No penalty is payable under subsection (2)(b)—

- (a) if the person who made the statement did not know and could not reasonably be expected to know that the statement was false or misleading in a material particular; or
- (b) the tax shortfall arose as a result of a self-assessment taxpayer taking a reasonably arguable position on the application of the Ordinance to that person's circumstances.

(5) For the purposes of this section, a statement made to the Commissioner includes a statement made, in writing or orally—

- (a) in an application, certificate, declaration, notification, return, objection, or other document furnished under this Ordinance;
 - (b) in any information required to be furnished under this Ordinance;
 - (c) in a document furnished to the Commissioner otherwise than under this Ordinance;
 - (d) in answer to a question asked of a person by the Commissioner or officer appointed under section 3; or

- (6) The penalty added in accordance with this section is charged in addition to any penalty added in accordance with section 67.

Penalty for failure to deduct tax

69. Any person who fails to deduct tax in accordance with section 15 and section 26 shall, in addition to any other liability imposed under this Ordinance, be liable to pay an additional amount calculated in accordance with section 67 on the basis that the failure to deduct was a statement or omission and the amount of tax not deducted was a tax shortfall.

PART 2 OFFENCES

- 70.** Any person who—

- (b) is likely to lose value as a result of normal wear and tear, or obsolescence; and
- (c) is owned by the person and used wholly or partly by that person in deriving taxable income.

“structural improvement” in relation to immovable property, includes any building, road, driveway, car park, pipeline, bridge, tunnel, airport runway, canal, dock, wharf, retaining wall, fence, power lines, water or sewerage pipes, drainage, landscaping, or dam.

“written down value” means the cost of the depreciable asset less the depreciation deduction that has been allowed.

(2) A person shall be allowed a deduction (referred to as a “depreciation deduction”) for the amount by which the value of the person’s depreciable assets has declined during a tax year by reason of wear and tear from use in deriving taxable income.

(3) The depreciation deduction allowed under subparagraph (2) shall be on a straight line method, calculated by applying the rate specified in subparagraph (4) to the cost of the asset.

(4) The rate to be used in calculating the depreciation deduction shall be—

- (a) in relation to a structural improvement used wholly or partly in deriving taxable income of the type shown in Part 1 of Chapter IV of the Ordinance, 5 per cent per annum;
- (b) in relation to a structural improvement used wholly or partly in deriving taxable income of the type shown in Part 2 of Chapter IV of the Ordinance, 2 per cent per annum;
- (c) in relation to any other depreciable asset, unless item (d) applies, 20 per cent in the first year and 20 per cent per annum in the four succeeding tax years;
- (d) in relation to a depreciable asset where the Commissioner is satisfied that the effective life of the depreciable asset is three years or less, 33 1/3 per cent in the first year and 33 1/3 per cent per annum in the two succeeding tax years:

Provided that a person may elect to increase the depreciation deduction allowable in the first year under paragraph (c) or (d) by 20 per cent with a corresponding reduced deduction in the last tax year.

(5) If a depreciable asset is—

- (a) partly used in a tax year in deriving taxable income and partly for another purpose; or
- (b) not used for the whole of the tax year in deriving taxable income,

the depreciation deduction allowed for that tax year shall be the percentage that the period of use or proportion of use bears to the full tax year or full usage.

(6) Where a depreciable asset is disposed of, lost, destroyed or written off in a tax year, there shall be no depreciation deduction for that tax year and—

- (a) if the consideration received exceeds the written down value of the asset at the beginning of the tax year, the excess shall be regarded as a business profit for the purposes of Part 1 of Chapter IV of the Ordinance and included as taxable income of the person for that tax year; or
- (b) if the consideration received is less than the written down value at the beginning of the tax year, the difference shall be allowed as an additional depreciation deduction in calculating the chargeable income of the person for that tax year.

PART 5 WITHHOLDING TAX

Payee Certificate

18. (1) Every person who deducts withholding tax from a payment of withholding income in accordance with section 26(1) of the Ordinance shall furnish the person to whom the payment is made (in this Regulation referred to as a payee) with a certificate in the manner and form prescribed by the Commissioner setting out—

- (a) the name, address and tax registration number of the person making the payment;
- (b) the date, amount and nature of the payment;
- (c) the amount of tax deducted; and
- (d) the name and address of the payee.

(2) The certificate referred to in this paragraph shall be provided at the time payment is made.

Administration of withholding tax scheme

19. Regulations 11, 13, 14, 15 and 16 shall apply in a like manner to the deduction of withholding tax as if a reference in those Regulations to an employer, income from employment and an employee were a reference to a resident or permanent establishment of a non resident, withholding payment and the recipient of the withholding payment.

PART 6 REGISTRATION, RETURNS AND ASSESSMENT

Registration

20. (1) Every person required to register in accordance with section 36 of the Ordinance shall—

- (a) register the particulars referred to in subparagraph (2) prior to the commencement of the activity; and
 - (b) inform the Commissioner of any change in particulars within one month from the date on which those particulars change.
- (2) The particulars required to be registered with the Commissioner are—
- (a) where the person is a company—
 - (i) the registered company name;

- (ii) the registration number; and
 - (iii) the place of incorporation of that company;
- (b) in relation to any other person, the full name of each individual person carrying on the activity; and
- (c) the nature of the activity, including—
 - (i) the date from which such activity has been carried on;
 - (ii) the place or places at which such activity is carried on; and
 - (iii) the address used for correspondence in relation to such activity.

(3) Where an activity is carried on jointly by more than one person, each such person shall be separately liable for registration of their prescribed particulars and, if applicable, change in particulars.

(4) The Commissioner shall issue a certificate for each person registered in accordance with this Regulation showing the prescribed particulars and the tax registration number and, in any case where the Commissioner is informed of any change in prescribed particulars, issue a new certificate showing the new prescribed particulars.

Instalments of income tax

21. (1) Every person who is required to make payments of instalments under section 45 of the Ordinance, shall pay such instalments within fifteen days after the end of the third, sixth, ninth and twelfth months of the tax year or substituted accounting period.

(2) The amount of each instalment payable for the tax year shall be equal to one quarter of the amount of income tax payable on the chargeable income of the previous tax year less any income tax deducted from taxable income during the tax year under section 26 of the Ordinance.

(3) Where the amount of income tax payable in accordance with subparagraph (2) is not known by the due date of the first instalment, the instalment of income tax payable shall be based on—

- (a) most recent tax year for which there has been an assessment; or
- (b) an estimate of the income tax payable on the chargeable income of the previous tax year.

(4) Where any person considers that the pre-payment of income tax calculated in accordance with subparagraphs (2) and (3) is in excess of the actual amount of income tax that will be payable for that tax year—

- (a) that person may estimate the income tax payable on the chargeable income for the tax year and file an application to vary the amount of the instalment based on that estimate, which may be filed at any time up to the due date for payment of the third instalment; and
- (b) the Commissioner may approve the application and adjust the remaining instalments of income tax to reflect the estimated amount of income tax payable shown in the application.

(5) Where a person files an estimate of the amount of income tax payable in accordance with paragraph (4) and that estimate is less than the actual income tax payable on assessment, that person will be liable to pay additional tax if the estimated tax is less than 75 per cent of the actual tax.

(6) The additional tax payable in accordance with paragraph (5) shall be an amount calculated on the basis that the difference between the estimated income tax and the actual income tax was a “tax shortfall” for the purposes of section 68.

PART 7

ENFORCEMENT OF INCOME TAX COLLECTION

Deduction of income tax from payment due to defaulters

22. (1) In this paragraph—
“**defaulter**” means any person who has made default in the payment of any income tax; and
“**debtor**” means any person who has an amount held to the credit of, payable to or becoming payable to the defaulter other than in respect of alimony or child maintenance.

(2) For the purpose of collecting any income tax due by a defaulter, the Commissioner may, by notice in writing, require any debtor to deduct any sum as may be specified in the notice from an amount held to the credit of, payable to or becoming payable to the defaulter by the debtor and to pay such sum to the Commissioner to the credit of the defaulter within such time as may be specified in the notice.

(3) The sum deducted from any amount pursuant to a notice under this paragraph shall be deemed to be held in trust for the Government and, without prejudice to any other remedies against the debtor or any other person, shall be recoverable in the same manner in all respects as if it were income tax payable by the debtor.

(4) Any notice under this paragraph will remain in force for the period specified in the notice or may be revoked by the Commissioner at any time by a subsequent notice to the debtor if the Commissioner is satisfied that all the amounts of income tax due and payable by the defaulter have been paid.

(5) A copy of every notice given under this paragraph and of the revocation of any such notice shall be given to the defaulter by the Commissioner.

(6) Every debtor who fails to make any deduction required by a notice under this paragraph or fails, after making any such deduction to pay the sum deducted to the Commissioner within the time specified in that behalf in the notice—

- (a)** commits an offence and shall be liable on conviction to a fine not exceeding £500; and
- (b)** shall be personally liable to pay to the Commissioner, the amount that was not deducted, or deducted but not paid as the case may be, and the provisions of this Schedule relating to the collection of tax shall apply in every respect.

Suit for tax by Commissioner

23. (1) Income tax may be recovered, as a civil debt due to the Government, by suit taken before the Court in the name of the Commissioner.

(2) Notwithstanding any limitations on the jurisdiction of the Court, any suit for the recovery of income tax and any penalty claimed to be due as the result of non-payment of such tax may be heard and determined by the Court irrespective of the amount of income tax and penalty for which the suit is brought.

(3) If a person summoned fails to appear in answer to the summons and it is proved by evidence on oath that the summons was duly served a reasonable time before the time appointed for the hearing, the Court may either—

- (a)** proceed to hear the complaint in the person’s absence; or
- (b)** issue a warrant for the person’s arrest.

(4) A warrant for the arrest of a person under this paragraph shall require the person, when arrested, to be brought as soon as possible before a Justice of the Peace, who may either bind the person over to appear before the court at a future time, or commit the person to custody until the complaint can be heard.

Recovery of tax from persons leaving St. Helena

24. Where the Commissioner has reason to believe that any person may leave St Helena without having paid all the income tax to which that person is, or would be, liable to pay under this Ordinance, the Commissioner may, by notice in writing—

- (a) demand payment of income tax within any such time specified in the notice, notwithstanding that the due date for payment may not have expired and where such tax is not subsequently paid, proceed to recover the income tax in accordance with the provisions of the Ordinance;
- (b) require the person to obtain a tax clearance from the Commissioner prior to embarking from St Helena; and
- (c) require an immigration officer to deny permission for the person on whom a notice has been served under subparagraph (a) to leave St. Helena unless such person can produce a tax clearance certificate from the Commissioner.

Liability of company directors

25. (1) If any company makes default in the payment of any tax due and payable by it, all of the persons who were directors of that company when the default first occurred shall be jointly and severally liable for the payment of that tax as if they had been personally assessed in respect of the same.

(2) Nothing in this Regulation shall in any way affect the liability of the defaulting company for payment of the tax and any penalty in respect thereof or the rights of such directors to recover from the defaulting company any tax paid by them in meeting any obligation imposed by this Regulation.

Warrant of distress

26. (1) Where the Commissioner has filed suit for tax in accordance with paragraph 23, the payment of that sum may be enforced by distress and the sale of goods and chattels under warrant issued by the Court.

(2) A warrant issued under this paragraph—

- (a) may be directed to the Commissioner and to such other persons as the Court thinks fit;
- (b) shall authorise the person to whom it is directed to levy the amount which the person against whom the warrant is issued is liable to pay by distress and sale of his goods and chattels;
- (c) may include an order that such sum for the costs and charges incurred in obtaining the warrant and attending the distress shall be levied under the warrant.

Abatement of proceedings on payment of tax

27. Where any proceedings have been commenced under these Regulations against a person to enforce payment of any tax and any person pays to the Commissioner the sum sought to be recovered (together with all costs and charges incurred in the proceedings up to that time), the payment shall be accepted and the Commissioner may determine that no further proceedings shall be taken in respect of the offences committed under the Ordinance.

Directions to Registrar of Lands

This e-version of the text is not authoritative for use in court.

28. Where the Commissioner is of the opinion that the collection of tax under Chapter V of the Ordinance may be at risk, the Commissioner may by notice in writing require the Registrar of Lands, either specifically in relation to a person or generally in relation to a class of persons, to deny registration of any land transfer until such time as the Commissioner has granted clearance to do so.
